European Workshop on Bronchiolitis obliterans: status quo and future directions

February 10 + 11 , 2017

Schloss Johannisberg,
65366 Geisenheim im Rheingau

www.starkelunge.de

Invitation and greetings from the founders

Dear Ladies and Gentlemen,

We invite you to participate in our 2nd European Workshop on Bronchiolitis Obliterans (BO).

The goal of our foundation is to help children and their families suffering from a rare, chronic lung disease. We focus on the treatment of children and adolescents with BO and ask you for your scientific support.

In this workshop this years focus is, to exchange experiences, best practices and lessons learned about Bronchiolitis obliterans.

We expect a lively interchange of ideas, hopefully leading to a consensus paper.

We especially invite young scientists to present their research and welcome all poster submissions. The winning poster will be awarded a prize of 250,- Euro.

We look forward to meeting you,

Julia & Frank Fischer
Stiftung Starke Lunge
Founders

Friday 10. February 2017

- 10 :30 Welcome
11:00 Summary from the last workshop: What have we learned so far and where do we want to go?
Martin Rosewich

Diagnosing BO

- 11:30 PiBO: Early Signs and Symptoms in the patient history
Matthias Griese
12:00 PiBO: Courses of PiBO in adults
Michael Tamm
12:30 - Lunch -
13:15 Can MBW be used to diagnose BO
Sylvia Nyilas
13:45 Evidence-Based Imaging in PiBO: The State of the Art
Alistair Calder
14:15 Diagnostic pathology and pathogenesis of PiBO
Megan Dishop
15:00 - Coffee Break -
15:15 Bronchoalveolar lavage findings in children with malignant diseases
Dirk Schramm

Treating BO

- 15:45 What can we learn from BOS in treating PiBO ?
Claus Neurohr

- 16:15 Quality of life and how to improve it
Mandy Niemitz
17:00 The nexus of Inflammation and Nutrition
Hansjosef Böhles
20:00 - Get Together -

Saturday 11. February 2017

- 8:30 Which Therapies work – What Research is needed
Alicia Casey

Thinking about BO

- 09:15 Microbiome and the lung - does it matter for BO
Folke Brinkmann
10:00 microRNA in lung disease – Potential for BO
Ralf Schubert
10:30 - Coffee Break -
10:45 Predictive Biomarkers and Potential Trials
Geoffrey Kurland
11:30 Cochrane Germany - Methodological strategies
Ralph Möhler, Cochrane Germany

Summary and Discussion

- 12:00 Panel Discussion - Diagnosing and Treating PiBO - The Baseline
All Authors
13:00 - The End -
