

3rd International Workshop on Bronchiolitis Obliterans

Dear Ladies and Gentlemen,

The Foundation Stiftung Starke Lunge and the University Hospital of the Goethe University Frankfurt have the pleasure to invite you to participate in our 3rd International Workshop on Bronchiolitis Obliterans.

The goal of our foundation is to help children and their families suffering from a rare, chronic lung disease. Therefore, we have set up an international consortium of experts with an interest in post-infectious Bronchiolitis obliterans and Bronchiolitis obliterans syndrome to discuss diagnostic workup, treatment strategies and various research fields.

For our 3rd International Workshop, we invite you to participate in expert discussions and to share your experiences and lessons learned about Bronchiolitis obliterans.

Your input to this workshop is of key importance. **Please send us your confirmation via e-mail.** For further information do not hesitate to contact us.

We look forward to welcoming you,

Julia & Frank Fischer
Founder Stiftung Starke Lunge

Dr. Silvija Jerkic
Prof Dr. Ralf Schubert

Prof Dr. Stefan Zielen
