

3rd International Workshop on Bronchiolitis Obliterans

Dear Ladies and Gentlemen,

The Foundation Stiftung Starke Lunge and the University Hospital of the Goethe University Frankfurt have the pleasure to invite you to participate in our 3rd International Workshop on Bronchiolitis Obliterans.

The goal of our foundation is to help children and their families suffering from a rare, chronic lung disease. Therefore, we have set up an international consortium of experts with an interest in post-infectious Bronchiolitis obliterans and Bronchiolitis obliterans syndrome to discuss diagnostic workup, treatment strategies and various research fields.

For our 3rd International Workshop, we invite you to participate in expert discussions and to share your experiences and lessons learned about Bronchiolitis obliterans.

Your input to this workshop is of key importance. **Please send us your confirmation via e-mail.** For further information do not hesitate to contact us.

We look forward to welcoming you,

Julia & Frank Fischer
Founder Stiftung Starke Lunge

Dr. Silvija Jerkic
Prof Dr. Ralf Schubert
Prof Dr. Stefan Zielen
Goethe University Children's Hospital
Workshop Committee

The organisation board reassure that the contents of the further education are designed product and service neutral, respectively. All presenting speakers will preface a voluntary disclosure of conflict of interest, liabilities and duties.

Friday 22nd February 2019

9:30 Get together and coffee

10:00 Welcome by foundation and medical team

Frank Fischer, Stiftung Starke Lunge, Silvija Jerkic, Goethe University, Frankfurt

Clinical, radiological and histopathological aspects of post-infectious BO

Chair: Megan Dishop & Silvija Jerkic

10:00 Challenges in classifying BO, *Geoffrey Kurland, Pittsburgh*

10:30 Clinical profile of piBO *Sam Sonnappa, London*

11:00 Radiological Trends in piBO *Alistair Calder, London*

11.30 Histopathological experiences in piBO, *Michael Ashworth, London*

12:00 Discussion

12:30 - Lunch –

Current Management and new potentials in BO

Chair: Sam Sonnappa & Stefan Zielen

13:30 Presentation of the BO Survey *Silvija Jerkic, Frankfurt*

14:00 Management approach to BO *Alicia Casey, Boston*

14:30 Discussion

15:00 - Coffee Break –

New potentials in BO

Chair: Daniela Fußbroich & Ralf Schubert

15:30 Micro RNAs in BO *Ralf Schubert, Frankfurt*

16:00 Fatty acids: A link between metabolism & immune function *Daniela Fußbroich, Fulda*

16:30 Phytotherapeutics in inflammatory diseases *Michael Heinrich, London*

17:00 Discussion

17:30 End of session

19:00 - Dinner at Brentano House –

Saturday 23rd February 2019

8:30 Get together and coffee

Aspects of post-infectious Bronchiolitis obliterans in South America

Chair: Ines de la Mir & Alicia Casey

09:00 Etiopathogenesis & diagnosis of PiBO in South America *Alejandro Teper, Buenos Aires*

09:30 Long-term follow up of PiBO in South America *Alejandro Colom, Buenos Aires,*

Cases:

10:15 Case 1, *Gemma Garcia del Cerro, Barcelona*

10:30 Case 2, *Jobst Röhmel, Berlin*

10:45 Discussion

11:00 - Coffee Break –
